To

The Secretary to the Board,

Land Revenue & Settlement,

M a d r a s.

S i r,

Roads--Unmaintained--village roads--Taken up for maintenance by a local body--Survey.

The President, Taluk Board, Karkal having applied for the alienation of 4 new village roads passing mostly through hill wastes in 18 villages, the Special Settlement Officer, Mangalore, was requested to survey them as required by the provisions in para 3 of G.O.No. 1600, Revenue, dated 6th August 1929 communicated in B.P. 65, Press, dated 17th August 1929. He has declined to do it on the strength of the Board's recommendation in para 3 (i) of its reference (confidential) F.No. 2625--??-2 dated 19th December 1933 to the Government.

2. According to G. O. No. 1491, Revenue dated 26th July 1929 and also G.O.No. 1600 Revenue dated 6th August 1929 the survey of unsurveyed and unmaintained roads shall, when a local body wants to take them up for maintenance, be done by the ordinary revenue staff or by a special staff, the entire cost of survey in the latter case being debitable to the local body concerned. The Tahsildar of Karkal reports that the work of survey of the roads in question is too much to be taken up by the district revenue staff in addition to its ordinary duties. A special staff will therefore be necessary for the purpose. But the local bodies cannot afford to pay for the survey of village roads before putting some money into their repair. If too the survey is a necessary preliminary to maintenance there

may be serious delays. The Board has, on the score of economy decided that no money is to be spent at present on the survey of even quite important roads. Neither then can the local bodies be expected to undertake road survey of village roads.

3. The Board has Government have decided not to survey existing roads in this district where they run through reserve forests and unmaintained roads in Government wastes. They cannot therefore intend to insist on survey for village roads which are to a corresponding degree less important. In these circumstances the survey of the roads in question will be unnecessary. I think that G. O. No. 1491 Revenue dated 26th July 1929 and G. O. No. 1600 Revenue dated 6th August 1929 were issued without special reference to South Kanara and clearly need modification if they are to be applied to this district. I request that the Government may be addressed to order that village roads may be vested in local bodies for maintenance without survey and sub division unless applications for land by their margins entail sub divisions in the usual course. There is at present no provision for this procedure.

Your obedient servant,

Collector

C.F. 16--20,000--19-11-29.

READ the following paper:—

G.O.No. 1491 Revenue dated 26-7-1929.

From the Board of Revenue, Land Revenue and Settlement, Ref.G.No.1140/34-1 dated 12-3-1934.

O r d e r.-

The Government approve the recommendation of the Board of Revenue that the four new village roads proposed to be taken up for maintenance in the Karkal Taluk, South Kanara District, may be vested in a local board without being surveyed.

As Taluk Boards have been abolished with effect from 1st April 1934, the Board of Revenue is requested to instruct the Collector to ascertain whether the District Board is willing to maintain the roads, and if it is, to furnish full particulars of the roads so that a formal order re-vesting them may be passed by Government in the Local Self Government as contemplated in paragraph 3(iii) of G.O.1491 Revenue dated 26th July 1929.

(By Order of the Governor in Council)

J.A. Thorne,
Secretary to Government.

pp1-2 cf. G 1140/34. from the Colr of S. Kanara

—

To Asst Secy

Please see the Colr's
letter at pp1-2 cf. in which
he has proposed that four village
para 1, p1 cf. roads proposed to be taken up for
maintenance by the Taluk Board,
Karkal may be vested in that
para 3, p2 cf. Board without survey and
subdivision unless applications for
land adjoining road margins entail
subdivisions in the usual course.

2. Under the orders in
p 19 (R) para 3 of G.O. no 1600 Rev. dt 6.8.29,
BP 65 Rs. in areas which are not to be
17.8.29 resurveyed but which are being or are
to be resettled in the near future,
the Settlement Officers should
inspect all road poramboke whether they
maintained or unmaintained roads and

subdivide the lands which should be classified as assessed waste or which should be registered as unassessed waste. The portions other than those which are to be transfered to assessed or unassessed waste need not be subdivided. In the case of the S. Kanara district which is now being resettled, the Board has recommended to the Govt in para 3(1) of its Letter No. 7. 2625/33-2 (Confdl.) dt. 19.12.33 that the settlement staff need not attempt to delimit roads and that when real need for delimitation is found to exist, the work should be done by the district revenue staff as in other districts.

p19 (R)

pp42-44 of (E).
Please see also Coll's letter at para 3 p38. of E

8/3

3. As the Taluk Board Karkal desires to maintain the four village roads in question the cost of the survey of the roads if a special staff is employed will have to be borne by the Taluk Board in accordance with the orders in para 5(c) of G.O No. 1491 Rev. dt. 26-7-29. The Collr seems to think that

p44 of (E)

p23 (K). GP 62 Press. 9-8-29

as the roads in question will remain unsurveyed if they continue to remain as unmaintained roads, it is not necessary to insist on their being surveyed, merely because the taluk board proposes to take them up for maintenance. As a matter of fact, the Board has considered that even existing roads running through reserved forests and waste blocks need not be surveyed. In the circumsta... it is for orders whether the Board will support the Collr's proposal that the four roads in question, which are said to pass mostly through hill wastes in 18 villages, may be vested in the taluk board without being surveyed.
